To whom it may concern

March 2008

Dear Sirs

Steve Varah has driven me on many occasions in the last three years and he provides a first class service. Steve is not only an excellent driver but also a well trained helpful chauffeur and his valuable service enables me to do a lot of work in the back of the car on long journeys. In addition Steve is polite and punctual at all times. Steve drives an immaculate S Class Mercedes which is always clean both inside and outside the car. Journey times as well as routes are planned by Steve well in advance and the car is always filled with petrol before a long trip so that we arrive at our destination in good time. You will be pleased to know Steve is completely trustworthy, honest and does not repeat telephone calls or other conversations that he may hear in the car. Steve also acts as an ambassador for our company when he carries GSL customers and visitors to our Broadway site or other locations operated by the company. The exceptionally good service offered by Steve provides excellent value for money and I can thoroughly recommend him as a chauffeur for any occasion.

Kind regards

Yours sincerely

Alan Jones
